

Workshop#1: 7 Immortal Laws of Color

Successful visual artists rely on certain natural formulas and traditional laws of color in order to continuously repeat the success they desire. You just have to learn these natural formulas and traditional laws used by the masters and practitioners of color in order for you to create beautiful art that brings joy to people.

Coming this Spring

The 3 days course will provide a broad range of skills and ideas that the artist can use based on the ideas and philosophies of the 7 Immortal Laws of Color. Participants will learn how to learn nature's secret arrangement of true colors and to fight against what the mind likes to see. The course is open to artists, designers and craftspeople alike. **Emphasis will be placed on using color, mixing, color arrangement and composition.**

Sam Adoquei presents an intensive workshop on using, mixing and composing with color, an intensive course for artists interested in creating beautiful, strong and effective color compositions

Participants will receive **FREE DOWNLOAD** of the '7 Immortal Laws of Color
3days intense course. Date will be announced.
